Objectives and investment policy

Robeco Global Climate Transition Equities is an actively managed sub-fund that invests in stocks across developed and emerging markets across the world. Securities selected for the Sub-fund's investment universe may be components of the Benchmark, but securities outside the Benchmark may be selected too. The investment policy is not constrained by a Benchmark but the Sub-fund uses a Benchmark for comparison purposes.

You can purchase or sell units in the fund on any valuation day. This fund may not be appropriate for investors who plan to withdraw their money within 5 years.
