Luxembourg, 30 June 2020

Dear Investor,

As a Shareholder in the Fund, the board of directors of the Fund (the "**Board of Directors**") hereby informs you of certain changes concerning the Fund.

1. Description of Institutional Share Classes

a) The following provision has been added to the description of Institutional Share Classes under section "2.1 Classes of Shares" of the Prospectus to clarify the existing options when:

(i) minimum initial investment amount is not met:

"When the minimum subscription amount is not met, the Company may (1) switch the relevant Shares into Shares of a Class of Shares which do not have any minimum initial subscription amount applicable (provided that there exists such a Class of Shares with similar characteristics within the Company but not necessarily in terms of the fees, taxes and expenses payable by such Share Class) or (2) extend the waiver."

(ii) Institutional Classes of Shares are being held by non-institutional Investors:

"The Company will not issue Institutional Share Classes or contribute to the transfer of Institutional Share Classes to non-institutional Investors. If it appears that Institutional Share Classes are being held by non-institutional Investors, the Company will switch the relevant Shares into Shares of a Class of Shares which is not restricted to Institutional Investors (provided that there exists such a Class of Shares with similar characteristics within the Company but not necessarily in terms of the fees, taxes and expenses payable by such Share Class) or compulsorily redeem these the relevant Shares in accordance with the provisions foreseen in the Articles."

b) All institutional share classes do no longer need to be placed only through a direct account with the Registrar, although such mean remain possible.

4. Update of the Benchmark Regulation section

Section “3.14 Benchmark Regulation” has been updated with regard to the registration of the administrator of the benchmark used by the Fund with ESMA public register.

5. Removal of loans qualifying as money market instruments as eligible investment for the Fund

All references to investments in loans qualifying as money market instruments have been removed from the Prospectus as such investments are no longer allowed further to a change in CSSF position.

6. Change in method used to calculate the global exposure
