December 2025 | Dividend record

¹Annualized dividend yield is calculated with the following formula: (Dividend payout per share / Net Asset Value (NAV) per share on the last business day of the previous month the dividend was paid in) x (12 / Number of month(s) since the last dividend payment) x 100%.

Positive dividend yield does not imply positive return. Historical dividend yield is not indicative of future dividend payouts. Investors should not make any investment decision solely based on information contained in the table below. You should read the relevant offering document (including the key facts statement) of the Fund for further details including the risk factors.

Quarterly Distribution Share Class aims to pay dividend on a quarterly basis. Dividend is not guaranteed. The Fund may at its discretion to decide on any dividend distributions and/or pay dividend out of the capital of the Fund.
