KEY PRODUCT FEATURES

WHAT ARE YOU INVESTING IN?

- You are investing in a sub-fund of Robeco Capital Growth Funds, which is an open-ended investment company incorporated with limited liability under the laws of Luxembourg and authorized as a UCITS umbrella fund by the CSSF.
- The Fund seeks to provide long-term capital growth while at the same time promoting certain ESG characteristics and integrating sustainability risks in the investment process.

Refer to “THE COMPANY”, “THE FUNDS” and “INVESTMENT OBJECTIVE, FOCUS AND APPROACH” of the Singapore Prospectus for further information on features of the product.

Investment Strategy

- The Fund seeks to provide long-term capital growth by taking exposure of at least two thirds of its total assets to equities of companies incorporated or exercising a preponderant part of their economic activities in India.
- The Fund is actively managed. Securities outside the Benchmark may be selected and the Fund can deviate substantially from the weightings of the Benchmark. The Portfolio Manager has discretion over the composition of the portfolio. The Fund aims to outperform the Benchmark over the long run, whilst

PRODUCT HIGHLIGHTS SHEET

<p>still controlling relative risk through the applications of limits (on countries, currencies and sectors) to the extent of deviation from the Benchmark.</p> <ul style="list-style-type: none"> • The Fund may invest in equities, convertible bonds, bonds, units of UCITS and/or other UCIs and derivatives to achieve its investment goals. • The Fund may invest in money market instruments, bank deposits (other than deposits at sight) and other eligible liquid assets for treasury purposes and in case of unfavorable market conditions. The Fund may hold up to 20% of its net assets in ancillary liquid assets (bank deposits at sight) but may temporarily exceed this limit under exceptionally unfavorable market conditions and if justified in the interest of the Shareholders. • The Fund may use FDIs for efficient portfolio management, for investment purposes or to attempt to hedge or reduce the overall risk of its investments. • The NAV of the Fund may be subject to volatility as a result of its investment policy and/or use of FDIs. • The Fund promotes environmental and/or social characteristics within the meaning of Article 8 of the Regulation (EU) 2019/2088 of 27 November 2019 on sustainability-related disclosures in the financial sector, while striving for economic results. • 	<p>further information on the investment strategy.</p>
Parties Involved	
<p>WHO ARE YOU INVESTING WITH?</p> <ul style="list-style-type: none"> • You are investing in Robeco Capital Growth Funds, an umbrella fund of which the Fund is a sub-fund. • The Management Company is Robeco Institutional Asset Management B.V.. The Management Company may delegate its investment management functions to one or more Portfolio Managers. The Portfolio Manager for this Fund is Robeco Hong Kong Limited. • The Depositary is J.P. Morgan SE, Luxembourg Branch. 	<p>Refer to "THE COMPANY", "MANAGEMENT AND ADMINISTRATION" and "OTHER PARTIES" of the Singapore Prospectus for further information on the role and responsibilities of these entities and what happens when they become insolvent.</p>
KEY RISKS	
<p>WHAT ARE THE KEY RISKS OF THIS INVESTMENT? The value of the product and its dividends or coupons (if any) may rise or fall. These risk factors may cause you to lose some or all of your investment:</p>	<p>Refer to "PRINCIPAL RISK FACTORS" of the Singapore Prospectus for further information on the risk of the product.</p>
Market and Credit Risks	
<ul style="list-style-type: none"> • Equity Securities Risk – Investments in equity may involve risks linked to transferable securities and stock markets, such as exchange risks and volatility risks. Investments are subject to market fluctuations and the value of a share in the Fund may fall below its value at the time of acquisition. • Currency Risk – The Fund is not denominated in Singapore dollars. Foreign exchange rate movements are likely to influence returns, and you may be exposed to exchange rate risks. There is also no guarantee that the exposure of the currency of investments can be fully or effectively hedged against the base currency of the Fund. • Emerging and Less Developed Markets Risk – The potential social, political and economic instability of some emerging and less developed countries may

<p>impact the value and liquidity of the investments of the Fund. Investments in these countries may be subject to higher volatility and currency risk as currencies may experience periods of weakness or repeated devaluations.</p> <ul style="list-style-type: none"> • Concentration risk – Based on its investment policy, the Fund may invest in financial instruments from issuing institutions that (mainly) operate within the same sector and/or country. If this is the case, due to the concentration of the investment portfolio of the Fund, events that have an effect on these issuing institutions may have a greater effect on the Fund assets than in the case of a less concentrated investment portfolio. 									
Liquidity Risks									
<ul style="list-style-type: none"> • The Fund is not listed in Singapore and you can redeem only on Valuation Days – There is no secondary market for the Fund. Your right to redeem may be suspended or deferred under certain circumstances. 									
Product-Specific Risks									
<ul style="list-style-type: none"> • Risks related to the use of FDIs – FDIs may be subject to basis risk, leverage effects resulting in higher volatility or total loss of assets, risks introduced by taking synthetic short positions in the underlying value of the FDIs, delays in recovering collateral placed out or realizing collateral due to the failure of counterparties, and the risk of total return swap. • Risks related to the use of efficient portfolio management techniques – In relation to securities lending transactions, the Fund runs the risk that recipients cannot comply with their obligations to return the lent financial instruments on the agreed date or furnish the additional requested collateral, hence the collateral received may realize less than the value of the securities lent out. In relation to repurchase and reverse repurchase agreements, the Fund runs the risk that the collateral received may yield less than the securities or cash placed out, hence restricting its ability to meet its investment objectives. 									
FEES AND CHARGES									
<p>WHAT ARE THE FEES AND CHARGES OF THIS INVESTMENT?</p> <p><u>Payable directly by you</u></p> <p>You will need to pay the following fees and charges:</p>	<p>Refer to “FEES AND CHARGES” of the Singapore Prospectus for further information on fees and charges.</p>
