RobecoSAM, the investment specialist focused exclusively on Sustainability Investing (SI), has won the “SRI Provider of the Year” award at the European Pensions Awards 2016 in London.

The award, which was presented in association with [European Pensions](#) magazine, recognizes outstanding achievements in the SI market. The European Pensions Awards honor the exceptional accomplishments of investment firms, consultancies and pension providers that have set the professional standards in the varied field of European pension provision.

RobecoSAM beat 9 other candidates from around the globe also shortlisted for the “SRI Provider of the Year” title in the 9th edition of the European Pensions Awards. This outstanding achievement follows RobecoSAM’s recognition as “ESG Manager of the Year” at *Institutional Investor* magazine’s European Awards only weeks earlier.

Chris Connelly, European Pensions Awards member of the jury : “With its new product launches, strong client focus and an impressive commitment to SRI, RobecoSAM was clearly head and shoulders above the rest in its category. An excellent submission all around.”

Christopher Greenwald, Head of SI Research, RobecoSAM: “This is yet another great achievement for our company and I would like to dedicate the award to all RobecoSAM employees. We are honored and proud to have won the ‘SRI Provider of the Year’ award at the European Pensions Awards. It not only underscores RobecoSAM’s expertise but it also highlights the strides we are making to shape the development of Sustainable Investment for the future. If it was not yet clear, now it is: RobecoSAM is the go-to asset manager for investors who want to invest their money sustainably while generating competitive returns.”
